M Lab

Lift Me Up

M LAB has formulated an ultra-effective cream to target one of the areas most prone to the signs of ageing - the neck and chest. As one of the only products of its kind currently in the beauty market, and the result of over 25 years research, M LAB's Anti-Aging Décolleté Cream is a luxe-feeling compound that stimulates collagen, tightens skin and smooths away discoloration for increased suppleness, softness and lift, thanks to its unprecedented 58 per cent of clinically active ingredients. £150, available at Harrods and www.harrods.com.
