### ...MOISTURISERS WITH SPF

The only way to provide your face with the protection it needs is to use a daily moisturiser that contains an SPF — that way you're always covered, even before you leave the house. To help with your decision, we've trawled cosmetics counters across London and come up with a range of SPF moisturisers from the most affordable to the most luxurious. We've got it covered — make sure you are.

#### MOISTURISING FACE PROTECTOR WITH SPF 20

£7.25 from Simple. Perfect for the most sensitive of skin types and great for those on a budget. (Available at [www.boots.co.uk](http://www.boots.co.uk))

#### HYDRO QUENCH DAY SORBET WITH SPF 15

£15 from No 7 at Boots. An ultra-hydrating moisturiser which keeps skin nourished throughout the day (Boots online as before)

#### TOURMALINE CHARGED PROTECTING LOTION WITH SPF 15

£35 from Aveda. An oil-free cream, packed with plant extracts which protects skin against the trials of city life as well as sun damage. (0870 034 2380)

#### MULTI-FUNCTIONAL SHEER MOISTURE WITH SPF 15
